Dear Mr. Small Claims Court :

I am writing to thank you and Mr. Farkas for your help with my small claims court case in Brampton, Ontario , and to provide a reference letter for those interested in pursuing the services of Mr. Small Claims Court .

When I first filled out the confidential online consultation form on Mr. Small Claims Court's website, I was pleasantly surprised to receive an immediate response to my query. I was explained the risks and rewards of starting a lawsuit and never felt pressured in any way to use your services. I felt at ease with Mr. Small Claims Court and decided to hire you. I was extremely happy with the letter of demand and Plaintiff's Claim which Mr. Farkas drafted on my behalf. In fact, my satisfaction was the reason I hired you again to consult for my settlement conference. Mr. Farkas did a wonderful job explaining the ins and outs of a Settlement Conference and negotiating with the other lawyer. Even when the matter did not settle and Mr. Farkas has completed his task, he spent additional unpaid time providing me with tips and insights for what to expect for my trial and how to approach negotiations. Ultimately, I was able to settle my case for a very favourable amount, and I could not have done it without Mr. Small Claims Court and Jordan Farkas.

Mr. Farkas is an honest, caring and professional lawyer who knows small claims court backwards and forwards. As well, the fees are reasonable and affordable. I highly recommend Mr. Small Claims Court.

Thank you once again for all your small claims court help.

Sincerely,

S. S.
