Dear Mr. Small Claims Court.com

I recently had to defend a small claims law suit and contacted MSC for free advice. I spoke to the lead lawyer Jordan Farkas to discuss my options in the matter. I was very impressed with the level of service I received from Jordan, not only did he give me the advice I needed, he walked me through every aspect of the process while fully explaining what the possible outcome might be both positive and negative. I retained him to help me fill out and file the necessary paperwork and with only days left to file Jordan was able to complete my request without a cliché and at a very reasonable price. I don't think I would have had such a positive outcome without Jordan in my corner. I would not hesitate to recommend Mr. Small Claims Court and Jordan Farkas to anyone who would be in need of their services.

Thanks Again
