**Mr. Small Claims Court**  
**Attention: Jordan Farkas**

Dear Jordan:

Thank you for all of the assistance you provided in resolving my claim. Before contacting you I was unable to make any progress on my own towards a settlement with a previous employer.

Your representation resulted in a very quick claim settlement and I really appreciated the professional manner in which all communications was conducted.

I found your representation to be very professional and your updates to me were prompt and very clear. Your communications with the other party were clear and your ability to communicate our position also aided in resolving this claim quickly.

I would be very comfortable in recommending you any time.

Best regards,
